Notes:

a-Survey is found in the World Bank's International Income Distribution Database

b-Survey is stored in the Luxembourg Income Study Database

c-Survey is part of the EU Survey of Income and Living Conditions

d-DHS database is used. Income is imputed using the assets index method (Harttgen and Klasen, 2010).

e-UNICEF's Multiple Indicators Cluster Survey used to estimate the inequality in MYS.

f-China and Tunisia's inequalities are estimated from the distribution percentiles reported in WIDER data base.
