Ciò permetteva ai membri dei gruppi tribali del distretto di avere accesso al potere politico nel Gujarat. Essi sono diventati membri dell'assemblea legislativa e membri del parlamento (il che avveniva automaticamente attraverso le quote) e anche ministri e primo ministro dello stato. Questo potere politico venne in seguito utilizzato per acquisire altri legami.

9. Supponendo che il biglietto costasse 3 dollari USA, circa 1 persona su 10 nel mondo ha visto il film *Titanic*. Inoltre, il suo costo di produzione titanico di 200 milioni di dollari USA appare ridicolo se paragonato agli introiti superiori agli 1,8 miliardi di dollari USA incassati in tutto il mondo, di cui 1,2 miliardi di dollari USA provenienti dall'estero. Queste strutture di costo spesso producono costi contabili interni estremamente elevati, figuriamoci nei mercati internazionali che giustificano l'intervento pubblico (Internet Movie Database 2004).

Indicatori di sviluppo umano

Avvertenza dell'editore

Al fine di rispettare la data di pubblicazione del Rapporto UNDP fissata contemporaneamente in tutto il mondo, i testi delle tabelle degli indicatori alle pagine 165-276, e delle relative note, non sono tradotti e compaiono in lingua inglese, fatta eccezione per i titoli correnti. Il lettore può trovare la corrispondenza inglese/italiano di tutti gli indicatori nell'indice delle tabelle alle pagine 147-152.

Anche i nomi dei paesi sono esposti in inglese nelle tabelle. Per controllare il corrispondente nome italiano ci si può riferire all'indice alfabetico dei paesi di pagina 312 (in lingua italiana) e rintracciare il numero chiave accanto a ciascun paese: esso esprime la posizione del paese nella graduatoria dell'Indice di Sviluppo Umano (ISU) che compare nelle tabelle.

È opportuno, inoltre, che il lettore tenga presente che, mentre nel testo i numeri riportati seguono il sistema di punteggiatura italiano, nelle tabelle e nelle figure presenti nel rapporto si è mantenuto invariato il sistema di punteggiatura anglosassone.
